

Committee Information and Sign Up

Below is a list of committees with their description. Joining any of THMs committees is a great opportunity to meet your neighbors, serve your community and get involved with neighborhood activities. **Please initial next to the committee(s) on which you would be willing to participate and provide your contact information below.**

_____ **Pool Committee** – The pool committee helps maintain the pool area. You will be involved with maintenance of the pool grounds, evaluation of vendors and recommending capital improvement expenditures.

_____ **Architectural Review Committee** – The architectural review committee is responsible for the review of homeowner’s requests to modify the exterior of their home. Simple requests do not normally require committee involvement; you will participate in reviewing more complicated or controversial requests.

_____ **Landscape Committee** – The landscape committee manages our common areas to keep our grounds in tip top shape. You will help with capital projects and vendor relations.

_____ **Social Committee** – The social committee will plan recreation and social events and will assist with welcoming new neighbors and providing needed information.

_____ **Communication** –The communication committee is charged with making sure THM residents stay informed of community events via our website and other standard communications.

_____ **Utilities Committee** – This committee will coordinate with the City of Houston and monitor progress of the Capital Improvement Project (CIP) to replace our underground utilities, streets and sidewalks in 2018. The committee meets periodically with our council member’s staff, public works officials and CenterPoint representatives.

_____ **Deed Restriction Committee** – This committee works with and educates homeowners to assure all homes in THM are in compliance with our deed restrictions. This is important because enforcement of deed restrictions can assure that property values will be maximized; as a byproduct, the condition of our properties will reflect the pride our residents have in our community.

Your name: _____

Phone # _____ Address: _____

E-mail: _____

Thanks for volunteering & staying involved!!!!

**GIVE THIS FORM TO A BOARD MEMBER, OUR COMMUNITY MANAGER OR DROP IT IN THE POOL MAILBOX
at 4121 Meyerwood Dr.**
